Allowable Subject Matter

Claims 1-44 are allowed.

The following is an examiner's statement of reasons for allowance:

The cited prior art taken alone or in combination fail to suggest finding a configuration template for the discovered unit and automatically installing software on the discovered unit based upon the configuration template. Specifically, claims 1, 13, 23, 30 and 38 are directed to automatically soft configuring a node in a data center with having mountable rack nodes and automatically installing software on discovered units based on configuration unit to increase the reliability of the configuration job and time-to-deployment of components. Therefore, the claimed invention improves the configuration and installing process efficiently and minimizes errors during installation process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
